Introduction to Enterprise Knowledge Language (EKL)

Course Code	CAT-en-EKL-F-V6R130
Brand	CATIA
Discipline	CATIA Knowledge and Reuse V6
Available Release	V6R2013
Duration	4 Hours
Course Material	English
Level	Fundamental
Audience	CATIA V6 Designers
Description	This course will introduce you to Enterprise Knowledge Language, the driving force behind the Knowledgeware workbenches, which allow you to construct smart-models and automate design for maximum productivity.
Objectives	Upon completion of this course you will be able to: - Increase your efficiency when using the Knowledgeware workbenches to build smart-models - Optimize the way you embed Knowledge into your products, by using EKL-driven tools as the Knowledge Patterns or Rules - Save time by directly manipulating CATIA V6 objects through EKL scripts
Prerequisites	Students attending this course should be familiar with CATIA V6 Mechanical Design Fundamentals
Available Online	Yes
