DASSAULT SYSTÈMES INDUSTRY SERVICES

ENSURING YOUR SUCCESS WITH DASSAULT SYSTÈMES TECHNOLOGY

expertise in PLM

1000+ services professionals in 30 offices worldwide

quick and painless **deployment**

ensure Dassault Systèmes products are implemented...successfully

WE ARE THE EXPERTS IN 3DS SOLUTION IMPLEMENTATION

Dassault Systèmes Industry Services is a global team dedicated to your success with Dassault Systèmes solutions and helping you create your sustainable competitive advantage. Working together we can help you maximizing the investment you've already made in 3DS technology.

Our team of experts can help you:
- Assess the potential of 3DS solutions and discover what you can do with your investment
- Assess your readiness for PLM implementation: Infrastructure Readiness AND Business Readiness
- Combine PLM, business needs, and methodology to transform your business

DASSAULT SYSTÈMES INDUSTRY SERVICES OFFERINGS

Dassault Systèmes Industry Services excels in the implementation and deployment of our PLM technology. We work hand-in-hand with 3DS R&D to fulfill your expectations and reduce potential deployment risks.

Value Discovery
Helping you to better understand and justify PLM value through readiness assessments and 'roadmaps to vision' consultation

PLM Business Process Consulting
Showing you a better way through industry best practices using 3DS V6 functionality, such as Systems Engineering, Enterprise Data Modeling, Design Optimization, and Lean Engineering

Deployment Optimization
Getting the job done, through rapid deployment, data migrations, integrations, workplace test and validation, and performance assessments

Enterprise Learning
Staff readiness and adoption through a variety of learning tools including classroom education, web-based learning and customized training that successfully increase staff proficiency and improve time to value of your PLM solution.

Enterprise Support
Providing support beyond traditional annual maintenance to ensure your satisfaction and productivity throughout the PLM project lifecycle.
