

“Manufacturing process automation”

HD2 or SL3

Coreq	Prereq
SMD*	KT1
PMG	NCG
—	—

▶ **PANOGEN for Sheet metal**

Automatic nesting and cutting of sheet metal parts

- ▶ Automatic creation of cutting paths, drilling & riveting
- ▶ Automatic creation of marking operations...
- ▶ Efficient link with the production management

HD2 or CD3

Coreq	Prereq
CPM*	PMG
NCG	—
—	—

▶ **PANOGEN for Composite**

Automatic nesting and cutting of composite parts

- ▶ Automatic extraction of composite information
- ▶ Automatic nesting with management of the orientation constraints (fiber direction)
- ▶ Efficient link with the production management

HD2 or CD3

Coreq	Prereq
CPM*	NCG
CPE*	—
—	—

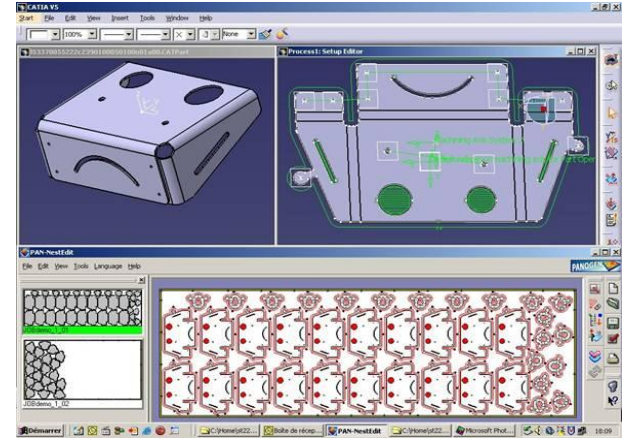

▶ **TapeLay**

Dedicated to Forest-Liné machines

- ▶ Automatic tape cutting (ATC) and automatic tape laying (ATL) dual optimization
