

FORMING TECHNOLOGIES, INC.

“Cost Reduction – Guaranteed!”

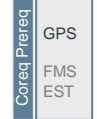

3DS.COM @ Dassault-Systemes | Confidential Information | Last Update: January 2013

- CATNEST
- PROGNEST

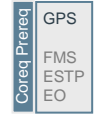

- ▶ **CATBLANK**
Quickly and accurately develops blank shapes
- ▶ **CATFLANGE**
Accurately unfolds complex flanges and predicts stretch and deformation

- CATBLANK
- CATFORM

- ▶ **CATFORM**
Verifies the formability of complex metal stampings
- ▶ **CATSTAMP**
Evaluates tooling geometry, cost estimation and production planning

- CATSTAMP
- COST OPT

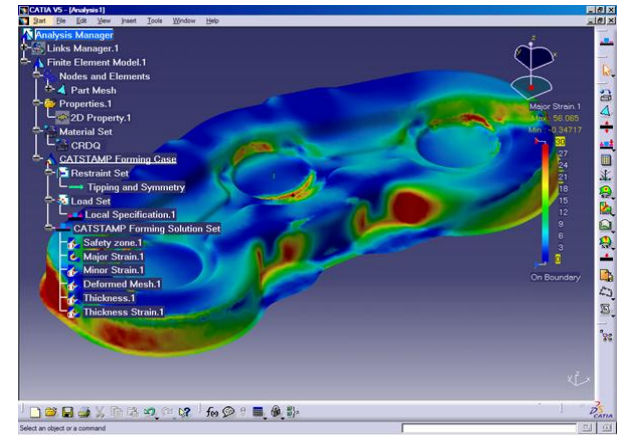

- ▶ **CATNEST**
Automatically determines the optimum nesting layout for optimal material utilization
- ▶ **PROGNEST**
Nests sheet metal blanks on progressive die strips

- CATFLANGE

- ▶ **COSTOPTIMIZER**
Evaluates multiple costing scenarios for optimal material utilization
