

“Next Generation Die Design & Manufacturing”

CATIA HD2(*)
or MD2 (**)

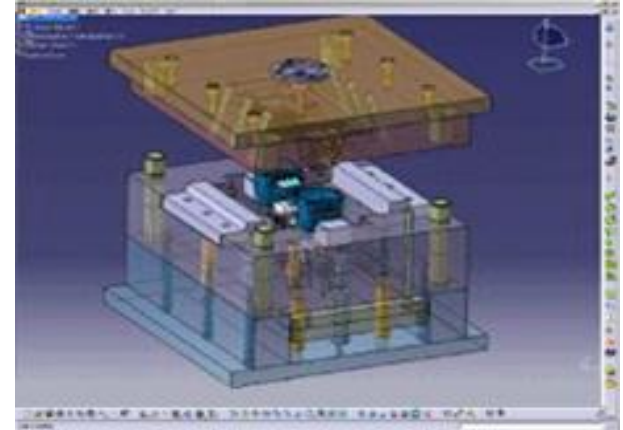

Coreq Prereq

Coreq	-
Prereq	-

(*) HD2 pre-req for
- Die Face Design
- Formability Shaper
- Formability Filletting
- Mold Design

(**) MD2 pre-req for
- Die Structure Design
- 2.5/3D Axis Die CAM

- ▶ **DyNAVISTA Formability Filletting**
High performance and robust fillet creation for complex shape
- ▶ **DyNAVISTA Die Face Design**
Die face specific shape creation with simplified formability check
- ▶ **DyNAVISTA Formability Shaper**
Estimation of large deformation of panel after forming
- ▶ **DyNAVISTA Die Structure Design**
Fast die structure creation with strong CAD/CAM integration
- ▶ **DyNAVISTA Mold Design**
Fast mold die design applicable from small to large scale
- ▶ **DyNAVISTA CAM 3D Axis & Die CAM 3D Axis / 2,5D Axis**
High performance 3-axis NC machining from roughing to finishing / 2,5 axis
