

KINEO CAM

“Easier, Faster, Safely”

MD2 or DM2	DELmia AP2
Co-Prereq	Co-Prereq
FIT SPA	MSA APS
-	-

- ▶ **Digital Path Planer (DPP)** - for DMU Fitting / for DELMIA DPM V5 & V6
Automatic path planning with collision avoidance
- ▶ **Digital Path Analyzer (DPA)** V5 & V6
Aids the user in finding collision free motion paths
- ▶ **DPP-Advanced** (add-on module to DPP) V5 & V6
Addresses advanced disassembly uses, including magnet paths (narrow passage booster) and workspace limits
- ▶ **RPP: Robot Path Planner** V5
Automatically creates collision free trajectories for a robot task
- ▶ **HPP: Human Path Planner** V5
Automatically creates collision free trajectories for a human task

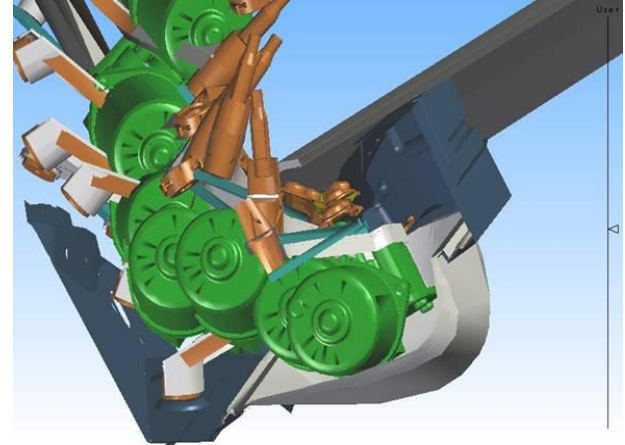

DELmia WL2
