

Licensed Program Specifications (LPS)

Q-Monitor for V5 Release 2.19 for use with CATIA® V5

This LPS covers the following Q-Monitor for V5 Licensed Program:

Trigram
Q5M

Product Name
Q-Monitor for V5

Trigram
Q5M-N

Product Name
Q-Monitor for V5 (Node lock version)

Hardware Requirements

Q-Monitor for V5 Release 2.19 for use with CATIA V5 Release V5R19 through Release V5-6R2012 is offered on Windows® 32-bit and 64-bit platforms and on IBM AIX, HP UX and Sun Solaris depending on the corresponding CATIA V5 release in use.

Hardware Requirements

Any configuration certified with CATIA Version 5 (V5R19 through V5-6R2012) at General Availability dates.

Software Requirements/Prerequisites

Q-Monitor Software Requirements

Q-Monitor is designed to evaluate Q-Checker check results that have been saved in a relational database. Therefore, you must have such a database and a TCP/IP connection to the database server. Supported database management systems include:

- DB2
- Oracle
- MS SQL Server
- MySQL
- PostgreSQL

Such database is not included in Q-Monitor.

Prerequisites for the Q-Monitor application are:

- JAVA 1.4 or above
- JDBC driver for database access

Other Required Software:

- **License Manager**
 - License Use Management (LUM) 4.6.8 or higher

Licensed Program Materials Availability

- Restricted materials - No. This [Licensed Program](#) is available without source licensed program materials. It is available in object code only.

Supplemental Terms

Terms that are initially capitalized in the supplemental terms below are defined in the Glossary - Release 1, available at www.3ds.com/terms/glossary.

Licensing Schemes & Geographic Scope

The licenses on the Licensed Program to which this LPS applies are granted pursuant to the [Agreement](#) with Dassault Systèmes for the following usage and authorized users as such terms are defined in the Glossary - Release 1.

- [Concurrent Based](#) (floating)
- [Machine Based](#) (Node locked)

Licenses of the Licensed Program to which this LPS applies are granted for use only in the country for which the license is ordered. [Users](#) whose usual workplace is located in the same country as the country where such use of the Licensed Program has been authorized, may use the Licensed Program in any other country (subject inter alia to the export and re-export laws and regulations provision of the Agreement) for purposes of a business trip of a maximum of thirty (30) consecutive days.

Other Permitted Uses

USE FOR CERTAIN SERVICES. Except for [Development Tool Kits](#), Licensee is authorized to use such Licensed Program for added-value engineering and/or implementation services. Added-value engineering or implementation services are services to deliver to a third party end user any deliverable generated specifically for said third party end user from use by Licensee of the Licensed Program. In any event, Licensee may not (A) use the Licensed Program to develop software code for (i) general distribution by any means, and whether alone or bundled or delivered with any product, data, information, software, or other element, or (ii) any services that do not add value attributable to the intervention of specific human skills, such as, without limitation, in a data services operation or as an applications service provider, or (B) install and/or operate the Licensed Program on any hardware and/or software environment owned by or under control of any third party, or (C) represent or imply to any party that it is an authorized or certified provider of services for Dassault Systèmes. Licensee shall indemnify, defend and hold harmless DS against any claim, expense, judgment, damage, or loss (including reasonable attorneys' fees) which arises out of or in any way relates to Licensee's use of the Licensed Program with third party end users.

OUTSOURCING TO A THIRD PARTY. Licensee is authorized to execute the Licensed Program remotely on computers operated by third parties, provided that only duly authorized Users, and/or [Extended Enterprise Users](#) if applicable, shall have access to the Licensed Program. Licensee may appoint a third party, such as an outsourcer, to operate the hardware on which the Licensed Program are installed, on behalf of Licensee, only if (i) Licensee does not assign the Agreement or any licenses granted thereunder, in whole or in part, to the third party, (ii) the third party and Licensee enter into a written Agreement under which the third party agrees that its access to and use of the Licensed Program is subject to all of the grant of license, confidentiality, restrictions, and limitations on use provisions of the Agreement, and (iii) such third party is not a competitor of any [DS Group Company](#). Licensee acknowledges and agrees that the third party shall be deemed an agent of Licensee. If Licensee becomes aware of any actual or suspected unauthorized use or disclosure of the Licensed Program, Licensee shall immediately terminate the third party's access to and use of the Licensed Program. Licensee shall indemnify, defend, and hold harmless Dassault Systèmes against any claim, expense, judgment, damage, or loss (including reasonable attorneys' fees) which

arises out of or in any way relates to each third party's access to or use of the Licensed Program.

LICENSEE'S RESPONSIBILITY. In addition to all terms and conditions of the Agreement and all other provisions of this LPS, Licensee agrees that it is responsible for ensuring that any use of the Licensed Program by all Users, and, if applicable, all Named Users and/or Extended Enterprise Users, shall at all times be in compliance with the terms and conditions of the Agreement, and any breach by Extended Enterprise Users (if applicable) of the terms of this Agreement shall also be deemed a breach by Licensee.

Type/Duration of Program Services(also referred to as "Support Services")

You will find all necessary information including processes, on Dassault Systèmes website:

<http://www.3ds.com/terms/support-policies>

Separately Licensed Code

No

Designated Machine Identification

No

Test Period

No

Security Mechanisms

Dassault Systèmes and its affiliated companies take all legal steps to eliminate piracy of their software products. In this context, the Licensed Program may include a security mechanism that can detect the installation or use of illegal copies of the Licensed Program, and collect and transmit data about those illegal copies only. Data collected will not include any Licensee data created with the Licensed Program. By using the Licensed Program, Licensee consents to such detection and collection of data, as well as its transmission and use if an illegal copy is detected. Dassault Systèmes also reserves the right to use a hardware lock device, license administration software, and/or a license authorization key to control access to the Licensed Program. Licensee may not take any steps to avoid or defeat the purpose of any such measures. Use of any Licensed Program without any required lock device or authorization key provided by Dassault Systèmes is prohibited.

Softcopy Publications

The Licensed Program may include licensed publications in displayable or source form. Except as provided in this section, the terms and conditions of the Agreement with Dassault Systèmes apply to these publications and to any copies that are made from them.

The licensed publications may be used in displayable or source form on all machines designated for this Licensed Program. The licensed publications may also be copied and used on other machines in support of authorized use of this Licensed Program.

To support authorized use of the Licensed Program, printed copies of the displayable or source material may be made if the copyright notice and any other legend of ownership is reproduced on each copy or partial copy. ¹

Warranty

The Licensed Program is warranted as specified in the Agreement with Dassault Systèmes.

Licensed Program Specifications may be updated from time to time and such updates may constitute a change in specifications.

Following the discontinuance of all Program Services (Support Services), this Licensed Program will be provided "As Is" as specified in the Agreement with Dassault Systèmes.
