The License Management Model

The following license type is available as such terms are defined at:
http://www.3ds.com/terms/glossary

➢ Concurrent Based (floating)

Concurrent Based licensing may be licensed for Single Site or Multi-Site usage. Subject *inter alia* to the Export and Re-export laws and regulations provision of the Agreement and applicable provisions governing the above licensing structures:

- **A Single Site License** authorizes the Licensee to install and use the Licensed Program to which this LPS applies only on Machines within Licensee's Site and in the country for which the license is ordered. The term Licensee's Site means the specific physical address of Licensee's own facility that may consist of one or more buildings within a radius of one kilometer of where the Licensed Software is first installed and put into use.

- **A Multi Site License** authorizes the Licensee to install and use the Licensed Program to which this LPS applies on Machines in several facilities of the Licensee located in the same geographic region only (i.e. APAC or EMEA or Americas).

Users and/or Named Users if applicable, whose usual workplace is located in the same country as the country where such use of the Licensed Program has been authorized, may use the Licensed Program in any other country (subject *inter alia* to the Export and Re-export laws and regulations provision of the Agreement) for purposes of a business trip of a maximum of thirty (30) consecutive days.

Designated Machine Identification

No

Test Period

No

Use-Based Charges/Usage Restrictions

Charges for this Licensed Program are based on the number of users logged on at any time. The total number of users logged on may not exceed the number for which you have been authorized. If the total number exceeds your authorization, you must notify Dassault Systèmes and obtain additional authorizations.

Softcopy Publications

The Licensed Program that Dassault Systèmes licenses may include licensed publications in displayable or source form. Except as provided in this section, the terms and conditions of the license agreement with Dassault Systèmes apply to these publications and to any copies that are made from them.

The licensed publications may be used in displayable or source form on all machines designated for this Licensed Program. The licensed publications may also be copied and used on other machines in support of authorized use of this Licensed Program.

To support authorized use of the Program, printed copies of the displayable or source material may be made if the copyright notice and any other legend of ownership is reproduced on each copy or partial copy. [1]

<u>Warranty</u>

This Licensed Program is warranted as specified in the Dassault Systèmes license.

Licensed Program Specifications may be updated from time to time and such updates may constitute a change in specifications.

Following the discontinuance of all program services, this Licensed Program will be provided "As Is" as specified in the Dassault Systèmes license.
