

DASSAULT SYSTEMES

LICENSED PROGRAMS TERMS (LPT) FOR

ICEM Surf™ Release 2026

Terms that are initially capitalized are defined in the Glossary - Release 6, available at <https://www.3ds.com/terms/glossary>.

These Licensed Programs Terms ("LPT") and the terms incorporated herein by reference (including terms referenced on a website), are an integral part of the license agreement between DS and Licensee ("Agreement"), which refers to this LPT. In the event of a discrepancy, inconsistency or contradiction between this LPT and the other terms of the Agreement, the provisions of this LPT shall prevail, but only with respect to the [Licensed Programs](#) to which this LPT applies. Licensee acknowledges that it has full knowledge of all these terms and those incorporated herein by reference.

1. PRICING STRUCTURES

Licenses and [Support Services](#) for the Licensed Programs to which this LPT applies are granted according to one of the following pricing structures mentioned in the related [Quote](#), as specified in the [Product Portfolio](#) if available.

- [PLC/ALC](#)
- [YLC](#)

Other pricing structures may be made available on a case-by-case basis.

Notwithstanding anything to the contrary in this LPT, in case of orders made to VARs, VARs are free to set their own applicable Licensee price and price increase, as applicable.

2. LICENSING SCHEMES AND GEOGRAPHIC SCOPE

2.1 GENERAL RULES

The licenses for the Licensed Programs to which this LPT applies are granted pursuant to the Agreement, and according to one of the following licensing schemes (specifying the authorized use and end-users), as specified in the Product Portfolio if available, and as determined in the applicable Quote:

- [Concurrent \(or floating\) Based](#)
- [Machine \(or node-lock\) Based](#)

Licenses for the Licensed Programs to which this LPT applies are granted for use on [Machines](#) by the [Users](#) only in the country for which the licenses are ordered. However Users, whose usual workplace is located in the same country as the country where such use of the Licensed Programs has been authorized, may use the Licensed Programs in any other country (subject inter alia to the export and re-export laws and regulations provisions of the Agreement) for purposes of a business trip of a maximum of thirty (30) consecutive days.

It is agreed that, notwithstanding anything to the contrary provided in the [Documentation](#), software components packaged and delivered by DS as part of a given Licensed Program:

- shall solely be used together and as part of such Licensed Program and
- shall not be used standalone and/or for other purposes than the ones for which such Licensed Program has been marketed and granted to Licensee by DS.

If a patent invention is implemented in the Licensed Programs for which a right to use is granted pursuant to the Agreement, DS hereby grants Licensee a non-exclusive license on the applicable patent limited to the use of such Licensed Program.

2.2 SPECIFIC PROVISIONS FOR CERTAIN LICENSED PROGRAMS

NONE

3. OTHER PERMITTED USES FOR LICENSED PROGRAMS

USE FOR CERTAIN SERVICES

Except for [Development Tool Kit](#), Licensee is authorized to use the Licensed Programs for added-value engineering or implementation services. Added-value engineering or implementation services are services to deliver to a third party end user any deliverable generated specifically for said third party end user from use by Licensee of the Licensed Programs. In any event, Licensee may not (1) use the Licensed Programs to develop software code for (i) general distribution by any means, and whether alone or bundled or delivered with any product, data, information, software, or other element, or (ii) any services that do not add value attributable to the intervention of specific human skills, such as, without limitation, in a data services operation or as an application service provider, or (2) install and/or operate and/or give access to the Licensed Programs on any hardware and/or software environment owned by or under control of any third party unless otherwise expressly authorized in the Agreement, or (3) represent or imply to any party that it is an authorized or certified provider of services for DS. Licensee shall indemnify and defend DS against any claim, expense, judgment, damage or loss (including reasonable attorneys' fees) which arises out of or in any way relates to Licensee's use of the Licensed Programs with third party end users.

EXTENDED ENTERPRISE USERS

For certain Licensed Programs as identified in the Product Portfolio and subject to all terms and conditions of the Agreement and this LPT, Licensee is authorized to give access to its licenses of such Licensed Programs to Extended Enterprise Users for the sole and exclusive purpose of enabling the Extended Enterprise Users to conduct business with Licensee, provided that use of the Licensed Programs by any such Extended Enterprise User shall be limited to use (i) solely as configured and deployed by Licensee and (ii) solely in connection with the Extended Enterprise User's performance of services for and on behalf of Licensee, and not for such Extended Enterprise User's own or another's account or for the purpose of hosting, modifying, or otherwise using or maintaining the Licensed Programs.

OUTSOURCING TO A THIRD PARTY

Licensee is authorized to execute the Licensed Programs remotely on computers operated by third parties, provided that only duly authorized Users, and/or Extended Enterprise Users if applicable, shall have access to the Licensed Programs. Licensee may appoint a third party, such as an outsourcer, to operate the hardware on which the Licensed Programs are installed, on behalf of Licensee, only if (i) Licensee does not assign the Agreement or any licenses granted there under, in whole or in part, to the third party, (ii) the third party and Licensee enter into a written agreement under which the third party agrees that its access to and use of the Licensed Programs is subject to all of the grant of license, confidentiality, restrictions, and limitations on use provisions of the Agreement, and (iii) such third party is not a competitor of any [DS Group Company](#). Licensee acknowledges and agrees that the third party shall be deemed an agent of Licensee. If Licensee becomes aware of any actual or suspected unauthorized use or disclosure of the Licensed Programs, Licensee shall immediately terminate the third party's access to and use of the Licensed Programs. Licensee shall indemnify and defend DS against any claim, expense, judgment, damage, or loss (including reasonable attorneys' fees) which arises out of or in any way relates to each third party's access to or use of the Licensed Programs.

LICENSEE'S RESPONSIBILITY

In addition to all terms and conditions of the Agreement and all other provisions of this LPT, Licensee agrees that it is responsible for ensuring that any use of the Licensed Programs by all Users, and, if applicable all Named Users and/or Extended Enterprise Users, shall at all times be in compliance with the terms and conditions of the Agreement, and any breach by Extended Enterprise Users (if applicable) of the terms of this Agreement shall also be deemed a breach by Licensee.

USE OF EARLY ACCESS FEATURES

DS in its sole discretion may provide, at no additional cost, the ability for Licensee to use certain features made available as part of Licensed Programs for early access purposes (the "Features"). Such Features are clearly identified, displaying terminology such as "beta", "early delivery", etc. on the user interface or in the Documentation, and may be used solely with the applicable Licensed Program.

In electing to use Features, Licensee expressly acknowledges and accepts that:

1. use of the Features as set forth herein is at Licensee's own discretion and risk; and
2. as is always the case but of particular importance here given the early evaluation nature of these Features, Licensee should ensure prior validation of any output created using the Features before use in production and especially in business-critical systems; any decision by Licensee to use them in such contexts must be made with due care and consideration of the potential consequences.

THE FEATURES ARE MADE AVAILABLE ON AN "AS IS" BASIS AND WITHOUT WARRANTY OF ANY KIND, WHETHER EXPRESS OR IMPLIED, ORAL OR WRITTEN, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND/OR FITNESS FOR ANY PARTICULAR PURPOSE, AND ALL SUCH WARRANTIES, CONDITIONS, UNDERTAKINGS, AND TERMS ARE HEREBY EXCLUDED TO THE MAXIMUM EXTENT PERMITTED BY LAW.

In no event shall DS or its licensors be liable for direct or indirect, consequential, special, incidental or punitive damages, including without limitation loss of use, data, profit, revenue, or goodwill, whether based in contract, negligence, or otherwise, arising out of, resulting from or in any way relating to Licensee's use of the Features. In particular, the warranty, indemnification and Support Services provided by DS under the Agreement shall not apply to the Features.

DS in its sole discretion may elect at any time to discontinue the Features in whole or in part, modify the scope, functionality, format and output of any Features, and limit their use, all without liability. No express or implied commitment is made regarding the potential future availability of any Features.

In future delivery of the Licensed Programs, DS in its sole discretion may elect to make the Features, in whole or in part, available in Licensed Programs or in other Licensed Programs, to adapt their price and to restrict their use to specific countries, licensing schemes and/or other scope.

Licensee acknowledges that the Features may leverage artificial intelligence models, systems or technologies for specific functionality (referred to as "AI-based Functionality").

Licensee may not use AI-based Functionality and its output ("AI Output") in a manner that is considered as prohibited or high-risk under applicable laws and regulations and/or for non-appropriate purposes, including but not limited to:

- Promote or facilitate illegal activities or unlawful or fraudulent actions;
- Attempt unauthorized access to a system, property, or information;
- Generate illicit content or content that contains or promotes illicit or non-appropriate content;
- Distribute malware or spam;
- Contravene regulatory policies, administrative rules and/or guidelines;
- Track people without consent;
- Falsely impersonate an individual; or
- Mine cryptocurrency.

Licensee's ownership of AI Output is subject to DS and/or third parties pre-existing rights which may be embedded or included in such AI Output. Licensee acknowledges and agrees that (i) the AI Output may not qualify for intellectual property protection; (ii) different DS' Licensees may produce same or similar AI Output when using the AI-based Functionality, and (iii) Licensee's rights to the AI Output may not be enforceable against other users of AI-based Functionality.

Licensee shall (i) inform authorized Users (and Extended Enterprise Users, as applicable) that AI-based Functionality may be made available as part of Licensed Programs and (ii) train authorized Users (and Extended Enterprise Users, as applicable) to ensure compliance with applicable laws and regulations, as well as with the Agreement when using AI-based Functionality.

AI-based Functionality may include AI models, systems, technologies or features licensed from third-parties that require DS to pass through third-party terms. Licensee shall comply with such third-party terms as made available by DS in this LPT, within the Documentation or otherwise.

4. SECURITY MECHANISMS

DS and its affiliated companies take all legal steps to eliminate piracy of their software products. In this context, the Licensed Programs may include a security mechanism that can detect the installation or use of illegal copies of the Licensed Programs, and collect and transmit data about those illegal copies only (including IP and MAC addresses). Data collected will not include any Licensee data created with the Licensed Programs. By using the Licensed Programs, Licensee consents to such detection and collection of data, as well as its transmission and use if an illegal copy is detected. DS also reserves the right to use a hardware lock device, license administration software, and/or a license authorization key to control access to the Licensed Programs. Licensee may not take any steps to avoid or defeat the purpose of any such measures. Use of any Licensed Programs without any required lock device or authorization key provided by DS is prohibited.

5. ADDITIONAL DEFINITIONS

The following definition supersedes those of the Glossary - Release 6, available at <https://www.3ds.com/terms/glossary>.

Concurrent (or Floating) Based. Use of a Licensed Program in Concurrent Based mode is authorized for a maximum number of simultaneous Users.

6. TRADEMARKS

ICEM, ICEM Surf and the trademarks listed in the Dassault Systèmes Trademarks section at <https://www.3ds.com/legal-information> are commercial trademarks or registered trademarks of Dassault Systèmes, a French "société européenne" (322 306 440 R.C.S. Versailles), or its subsidiaries in the United States and/or other countries. All other trademarks are owned by their respective owners. Use of any Dassault Systèmes or its subsidiaries trademarks is subject to their express written approval.

Licensed Programs and services names may be trademarks or service marks of Dassault Systèmes or its subsidiaries.
