DASSAULT SYSTEMES
OFFERING SPECIFIC TERMS (OST) FOR
3DEXPERIENCE R2023x Dedicated Cloud
ONLINE SERVICES
ADDITIONAL TERMS #1

Due to new available Online Services, these additional terms #1, which supplement the Offering Specific Terms for **3D**EXPERIENCE R2023x Dedicated Cloud Online Services, are an integral part of such Offering Specific Terms. Except as expressly supplemented by these additional terms #1, all terms and conditions of the Offering Specific Terms for **3D**EXPERIENCE R2023x Dedicated Cloud Online Services shall remain in full force and effect.

The Offering Specific Terms for **3D**EXPERIENCE R2023x Dedicated Cloud Online Services together with these additional terms #1 (OST) and the terms incorporated herein by reference (including terms referenced on a website) are an integral part of the license and online services agreement between DS and Customer ("Agreement"), which refers to this OST. In the event of a discrepancy, inconsistency or contradiction between this OST and the other terms of the Agreement, the provisions of this OST shall prevail, but only with respect to the Online Services to which this OST applies. Customer acknowledges that it has full knowledge of all the terms of this OST and those incorporated herein by reference.

2.2 SPECIFIC PROVISIONS FOR CERTAIN DS OFFERINGS

The following provisions supplement those of the corresponding section of the Offering Specific Terms for **3D**EXPERIENCE R2023x Dedicated Cloud Online Services:

3DEXCITE - 3DEXPERIENCE Marketing/Sales business category
For each Online Service listed below in Table 4, Customer is delivered a quantity of render credits. Consumption rules of render credits are specified in the Documentation.

Table 4

DS Offering Name	Product Number	Render Credits delivered
3D Render Small	*6TP-RCX-S-DC*	*One hundred and thirty five (135)*
3D Render Medium	*6TP-RCX-M-DC*	*Two thousand and five hundred (2,500)*
3D Render Large	*6TP-RCX-L-DC*	*Twenty thousand (20,000)*

ENOVIA - 3DEXPERIENCE Governance/Lifecycle business category

Business process service task
For each Business Process Designer (6NP-BPR-DC), Business Process Player (6NP-BPO-DC) and Business Process Analyst (6NP-BPW-DC) Online Service, Customer is delivered a given number of business process service tasks, as defined in the Documentation. Consumption rules of business process service tasks are specified in the Documentation.
For one (1) Platform, business process service tasks are shared among all the authorized Users (and/or Extended Enterprise Users, as applicable). Such tasks belonging to one (1) Platform cannot be transferred to another Platform.
The number of business process service tasks is specified on a yearly basis. For terms of one (1) year or less, all business process service tasks are issued at the beginning of the term and unused business process service tasks expire at the end of the term. For terms longer than one (1) year, business process service tasks are issued per year and unused business process service tasks expire at the end of the given year period; for any incomplete year period, the number of issued business process service tasks is pro-rated and unused business process service tasks expire at the end of the given incomplete year period.

CATIA - 3DEXPERIENCE Design/Engineering business category

The following provisions supplement those of the corresponding section of the Offering Specific Terms for **3D**EXPERIENCE R2023x Dedicated Cloud Online Services:

Systems Simulation
For each Systems Simulation Analyst (6NB-SIC-DC) Online Service, Users (and Extended Enterprise Users, as applicable) are granted the right to execute up to five hundred (500) systems simulations, depending on server resources consumption, as defined in the Documentation. A systems simulation has to be understood as a single computation, which is based on the parameters that Users define in the model of the system. The computation involves compilation, simulation execution and simulation results.

The number of systems simulations is specified on a yearly basis. For terms of one (1) year or less, all systems simulations are issued at the beginning of the term and unused systems simulations expire at the end of the term. For terms longer than one (1) year, systems simulations are issued per year and unused systems simulations expire at the end of the given year period; for any incomplete year period, the number of issued systems simulations is pro-rated and unused systems simulations expire at the end of the given incomplete year period.
