

DASSAULT SYSTEMES OFFERING SPECIFIC TERMS (OST) FOR 3DEXPERIENCE R2023x ONLINE SERVICES ADDITIONAL TERMS #3

These additional terms #3, which supplement the Offering Specific Terms for 3DEXPERIENCE R2023x Online Services, the additional terms #1 and the additional terms #2, are an integral part of such Offering Specific Terms. Except as expressly supplemented by these additional terms #3, all terms and conditions of the Offering Specific Terms for 3DEXPERIENCE R2023x Online Services, the additional terms #1 and the additional terms #2 shall remain in full force and effect.

The Offering Specific Terms for 3DEXPERIENCE R2023x Online Services, the additional terms #1, the additional terms #2 together with these additional terms #3 (OST) and the terms incorporated herein by reference (including terms referenced on a website) are an integral part of the license and online services agreement between DS and Customer ("Agreement"), which refers to this OST. In the event of a discrepancy, inconsistency or contradiction between this OST and the other terms of the Agreement, the provisions of this OST shall prevail, but only with respect to the Online Services to which this OST applies. Customer acknowledges that it has full knowledge of all the terms of this OST and those incorporated herein by reference.

2. LICENSING SCHEMES AND GEOGRAPHIC SCOPE

2.2 SPECIFIC PROVISIONS FOR CERTAIN DS OFFERINGS

The following provisions supplement those of the corresponding section of the Offering Specific Terms for 3DEXPERIENCE R2023x Online Services and the additional terms #2:

Platform sandbox

For each Sandbox Regular (6MP-SGR-OC) Online Service belonging to a given Platform, Customer is authorized to have one (1) sandbox. For a given Platform, DS Offering rights to use on this Platform are accessible from any linked sandboxes (e.g. credits consumed in any linked sandbox are no more available for reuse on the Platform).

Moreover, the Sandbox User (6MP-SGU-OC) Online Service provides one (1) access for an authorized User (and/or Extended Enterprise User, as applicable) to one (1) sandbox.

The Sandbox Regular (6MP-SGR-OC) Online Services and Sandbox User (6MP-SGU-OC) Online Services belonging to one (1) Platform cannot be transferred to another Platform.

3DEXPERIENCE Open business category

Transition Assistant

Customer acknowledges that the 3DEXPERIENCE Transition Assistant (6OB-3DXTA-OC) DS Offering is intended to be used (i) in a given Platform and (ii) solely for the purpose of data migration from ENOVIA SmarTeam or SOLIDWORKS PDM to this Platform, and shall not be used for any other purpose. Once the data migration is completed, the Customer is required to terminate the 3DEXPERIENCE Transition Assistant (6OB-3DXTA-OC) DS Offering for the given Platform. Such DS Offering belonging to one (1) Platform cannot be transferred to another Platform.

Access to the 3DEXPERIENCE Transition Assistant (6OB-3DXTA-OC) DS Offering provides access to the Online Services listed below in Table 12; all these Online Services should be operated together. The terms and conditions related to these Online Services can be found in the Product Portfolio.

Table 12

DS Offering Name	Product Number	Quantity
<i>Collaborative Business & Industry Innovator</i>	6NB-PCS-OC	2
<i>Enterprise Integration Architect</i>	6NP-PFI-OC	1
<i>3DEXPERIENCE Transition Assistant Enabler</i>	6NP-XTA-OC	1
<i>Collaborative Designer for SOLIDWORKS</i>	6NP-UES-OC	1
<i>Collaborative Designer for CATIA V5</i>	6NP-UE5-OC	1
<i>Enterprise IP Integration Manager</i>	6NP-XXH-OC	1
<i>Sandbox Regular</i>	6MP-SGR-OC	1
<i>Sandbox User</i>	6MP-SGU-OC	3

Online disk space

The following provisions supplement those of the corresponding section of the Offering Specific Terms for 3DEXPERIENCE R2023x Online Services and the additional terms #2:

- The DS Offerings below supplement the DS Offerings listed in Table 2:

DS Offering Name	Product Number	Online disk space [GB]
<i>Business Process Player</i>	6NP-BPO-OC, 6NP-BPO-OP	One (1)
3DEXPERIENCE <i>Transition Assistant</i>	6OB-3DXTA-OC	Fifty (50)

BIOVIA - 3DEXPERIENCE Biosphere and Materials business category

Biosphere material compute units

The following provisions supersede those of the corresponding section of the Offering Specific Terms for 3DEXPERIENCE R2023x Online Services and the additional terms #1:

For each Online Service listed below in Table 6, Customer is delivered a certain quantity of biosphere material compute units, unless defined differently in the Documentation.

Moreover, Customer is allowed to consume a limited number of biosphere material compute surplus units, as described in the Documentation, when no biosphere material compute units are available.

For the avoidance of doubt, biosphere material compute units and biosphere material compute surplus units are common to the BIOVIA - 3DEXPERIENCE Biosphere and Materials business category and the NETVIBES - 3DEXPERIENCE Business Analytics business category.

For any given period, to be able to continue to run jobs consuming biosphere material compute units or biosphere material compute surplus units, Customer must order, at least, a required number of Biosphere Materials Compute 10,000 Units (6TP-BC1-OC, 6TP-BC1-OP) Online Services.

This required number shall be equal to the number of Biosphere Materials Compute 10,000 Units (6TP-BC1-OC, 6TP-BC1-OP) Online Services delivering a cumulated total number of biosphere material compute units superior to the number of extra biosphere material compute units consumed during the previous given period.

For any given period, the number of extra biosphere material compute units is equal to the number of biosphere material compute units and biosphere material compute surplus units consumed, excluding the total number of biosphere material compute units delivered by the Online Services listed in Table 6 and Table 13.

Consumption rules of biosphere material compute units and biosphere material compute surplus units are specified in the Documentation. For one (1) Platform, biosphere material compute units and biosphere material compute surplus units are shared among all the authorized Users (and/or Extended Enterprise Users, as applicable). Biosphere material compute units and biosphere material compute surplus units belonging to one (1) Platform cannot be transferred to another Platform.

The number of biosphere material compute units and biosphere material compute surplus units is specified on a yearly basis. For terms of one (1) year or less, all biosphere material compute units and biosphere material compute surplus units are issued at the beginning of the term and unused biosphere material compute units and biosphere material compute surplus units expire at the end of the term. For terms longer than one (1) year, biosphere material compute units and biosphere material compute surplus units are issued per year and unused biosphere material compute units and biosphere material compute surplus units expire at the end of the given year period; for any incomplete year period, the number of issued biosphere material compute units and biosphere material compute surplus units is pro-rated and unused biosphere material compute units expire at the end of the given incomplete year period.

Table 6

DS Offering Name	Product Number	Biosphere material compute units delivered
<i>Composite Materials Designer</i>	6NP-BCO-OC	Two hundred and fifty thousand (250,000)
<i>Computational Structural Biologist</i>	6NP-BCB-OC	Five hundred thousand (500,000)
<i>Computational Chemist</i>	6NP-BCH-OC	Five hundred thousand (500,000)
<i>Materials Modeler</i>	6NP-BMA-OC	Five hundred thousand (500,000)
<i>Generative Therapeutics Design for one project</i>	6MB-GTDP1-OC	Three hundred thousand (300,000)
<i>Computational Chemical Engineer (5 users)</i>	6NB-EMCPE-S-OC	One hundred thousand (100,000)
<i>Systems Biologist</i>	6NP-BBS-OC, 6NP-BBS-OP	Ten thousand (10,000)
<i>Medicinal Chemist</i>	6NP-BMH-OC, 6NP-BMH-OP	Fifteen thousand (15,000)
<i>Battery Materials Designer</i>	6NP-HTBMD-OC	Two hundred and fifty thousand (250,000)
<i>Therapeutics Data Scientist</i>	6NP-BTD-OC	Two hundred thousand (200,000)

ENOVIA - 3DEXPERIENCE Governance/Lifecycle business category

Business process service task

The following provisions supersede those of the corresponding section of the Offering Specific Terms for 3DEXPERIENCE R2023x Online Services and the additional terms #2:

For each Business Process Player (6NP-BPO-OC, 6NP-BPO-OP) Online Service, Customer is delivered a given number of business process service tasks, as defined in the Documentation. Consumption rules of business process service tasks are specified in the Documentation.

For one (1) Platform, business process service tasks are shared among all the authorized Users (and/or Extended Enterprise Users, as applicable). Such tasks belonging to one (1) Platform cannot be transferred to another Platform.

The number of business process service tasks is specified on a yearly basis. For terms of one (1) year or less, all business process service tasks are issued at the beginning of the term and unused business process service tasks expire at the end of the term. For terms longer than one (1) year, business process service tasks are issued per year and unused business process service tasks expire at the end of the given year period; for any incomplete year period, the number of issued business process service tasks is pro-rated and unused business process service tasks expire at the end of the given incomplete year period.

NETVIBES - 3DEXPERIENCE Business Analytics business category

Collaboration & Intelligence / Enterprise data sciences

The following provisions supersede those of the corresponding section of the Offering Specific Terms for 3DEXPERIENCE R2023x Online Services and the additional terms #1:

For each Online Service listed below in Table 13, Customer is delivered a certain quantity of biosphere material compute units, unless defined differently in the Documentation.

Moreover, Customer is allowed to consume a limited number of biosphere material compute surplus units, as described in the Documentation, when no biosphere material compute units are available.

For the avoidance of doubt, biosphere material compute units and biosphere material compute surplus units are common to the BIOVIA - 3DEXPERIENCE Biosphere and Materials business category and the NETVIBES - 3DEXPERIENCE Business Analytics business category.

For any given period, to be able to continue to run jobs consuming biosphere material compute units or biosphere material compute surplus units, Customer must order, at least, a required number of Biosphere Materials Compute 10,000 Units (6TP-BC1-OC, 6TP-BC1-OP) Online Services.

This required number shall be equal to the number of Biosphere Materials Compute 10,000 Units (6TP-BC1-OC, 6TP-BC1-OP) Online Services delivering a cumulated total number of biosphere material compute units superior to the number of extra biosphere material compute units consumed during the previous given period.

For any given period, the number of extra biosphere material compute units is equal to the number of biosphere material compute units and biosphere material compute surplus units consumed, excluding the total number of biosphere material compute units delivered by the Online Services listed in Table 6 and Table 13.

Consumption rules of biosphere material compute units and biosphere material compute surplus units are specified in the Documentation. For one (1) Platform, biosphere material compute units and biosphere material compute surplus units are shared among all the authorized Users (and/or Extended Enterprise Users, as applicable). Biosphere material compute units and biosphere material compute surplus units belonging to one (1) Platform cannot be transferred to another Platform.

The number of biosphere material compute units and biosphere material compute surplus units is specified on a yearly basis. For terms of one (1) year or less, all biosphere material compute units and biosphere material compute surplus units are issued at the beginning of the term and unused biosphere material compute units and biosphere material compute surplus units expire at the end of the term. For terms longer than one (1) year, biosphere material compute units and biosphere material compute surplus units are issued per year and unused biosphere material compute units and biosphere material compute surplus units expire at the end of the given year period; for any incomplete year period, the number of issued biosphere material compute units and biosphere material compute surplus units is pro-rated and unused biosphere material compute units expire at the end of the given incomplete year period.

Table 13

DS Offering Name	Product Number	Biosphere material compute units delivered
Data Scientist	6NP-DAL-OC, 6NP-DAL-OP	Three hundred and fifty thousand (350,000)
