

DASSAULT SYSTEMES OFFERING SPECIFIC TERMS (OST) FOR 3DEXPERIENCE R2024x LICENSED PROGRAMS ADDITIONAL TERMS #1

Due to new available Licensed Programs, these additional terms #1 supplement the Offering Specific Terms for 3DEXPERIENCE R2024x Licensed Programs and are an integral part of such Offering Specific Terms. Except as expressly supplemented by these additional terms #1, all terms and conditions of the Offering Specific Terms for 3DEXPERIENCE R2024x Licensed Programs shall remain in full force and effect.

The Offering Specific Terms for 3DEXPERIENCE R2024x Licensed Programs together with these additional terms #1 (OST) and the terms incorporated herein by reference (including terms referenced on a website) are an integral part of the license and online services agreement between 3DS and Customer ("Agreement"), which refers to this OST. In the event of a discrepancy, inconsistency or contradiction between this OST and the other terms of the Agreement, the provisions of this OST shall prevail, but only with respect to the Licensed Programs to which this OST applies. Customer acknowledges that it has full knowledge of all the terms of this OST and those incorporated herein by reference.

2. LICENSING SCHEMES AND GEOGRAPHIC SCOPE

2.2 SPECIFIC PROVISIONS FOR CERTAIN 3DS OFFERINGS

CATIA - 3DEXPERIENCE Design/Engineering business category

The following provisions supplement those of the corresponding section of the Offering Specific Terms for 3DEXPERIENCE R2024x Licensed Programs:

Systems Simulation

For each Systems Simulation Analyst (6NB-SIC) Licensed Program, Users (and Extended Enterprise Users, as applicable) are granted the right to execute up to five hundred (500) systems simulations, depending on server resources consumption, as defined in the Documentation. A systems simulation has to be understood as a single computation, which is based on the parameters that Users define in the model of the system. The computation involves compilation, simulation execution and simulation results.

The number of systems simulations is specified on a yearly basis. For terms of one (1) year or less, all systems simulations are issued at the beginning of the term and unused systems simulations expire at the end of the term. For terms longer than one (1) year, systems simulations are issued per year and unused systems simulations expire at the end of the given year period; for any incomplete year period, the number of issued systems simulations is pro-rated and unused systems simulations expire at the end of the given incomplete year period.

Moreover, to be able to execute more systems simulations, Customer must order Systems Unit Credit Pack (Small) (6TP-SYU-S) Credit Based Licensed Programs. Consumption rules are specified in the Documentation.
