OFFERING SPECIFIC TERMS (OST) FOR

Online Learning Experience

ONLINE SERVICES

This OST (Offering Specific Terms) and the terms incorporated herein by reference (including terms referenced on a website) are an integral part of the license and online services agreement between 3DS and Customer (“Agreement”), which refers to this OST. In the event of a discrepancy, inconsistency or contradiction between this OST and the other terms of the Agreement, the provisions of this OST shall prevail, but only with respect to the Online Services to which this OST applies. Customer acknowledges that (i) it has full knowledge of all the terms of this OST and those incorporated herein by reference, and (ii) this OST applies to any Release available from January 10, 2025 onwards.

1. PRICING STRUCTURES

The use of Online Services to which this OST applies is granted according to the pricing structures mentioned in the related Transaction Document. Standard pricing structures are defined in the section “DEFINITIONS” of this OST, even though those pricing structures may not be applicable to the 3DS Offerings to which this OST applies. Other pricing structures may be made available on a case-by-case basis.

2. LICENSING SCHEMES AND GEOGRAPHIC SCOPE

2.1 GENERAL RULES

This OST does not apply to the Online Services listed below in Table 1 that are covered by the latest Release of the OST for 3DEXPERIENCE Online Services, together with its additional terms.

Table 1

3DS Offering Name	Product Number
3DEXPERIENCE Works Learner	6NP-LWKLX-OC
Collaborative Innovation Learner	6NP-LCILX-OC
Design/Engineering Learner	6NP-LDELX-OC
Governance/Lifecycle Learner	6NP-LGV LX-OC
Manufacturing/Production Learner	6NP-LMPLX-OC
Simulation Learner	6NP-LSMLX-OC
Virtual Planet Learner	6NP-LVPLX-OC

Online Services to which this OST applies may be granted according to one of the following licensing schemes (specifying the authorized use), as specified in the Product Portfolio if available, and as determined in the applicable Transaction Document:

- Credit Based
- Named User Based

Online Services to which this OST applies are granted for use on Machines by the Users (and Extended Enterprise Users, as applicable) only in the country for which the 3DS Offerings are ordered. However, (i) Users, whose usual workplace is located in the same country as the country where such use of the Online Services has been authorized, may use the Online Services in any other country (subject inter alia to the export and re-export laws and regulations provisions of the Agreement) for purposes of a business trip of a maximum of thirty (30) consecutive days and (ii) 3DS may authorize, on a case-by-case basis, the use of certain Online Services by the Users (and Extended Enterprise Users, as applicable) on a Remote Access mode.

All Users (and Extended Enterprise Users, as applicable) must have an account created on 3DEXPERIENCE Edu Space (<https://eduspace.3ds.com/>), a platform which enables Customer to train its Users (and Extended Enterprise Users, as applicable) on how to use the 3DS Offerings. Each User (and Extended Enterprise Users, as applicable) can launch all of the courses included in the Online Services as specified in the related Transaction Documents.

Customer, Users and Extended Enterprise Users, as applicable, are not authorized to download the Online Services on their computers or on any hardware device.

Customer will have access to a private space, called the “Customer domain”, created on 3DEXPERIENCE Edu Space and specifying the number of courses included in the Online Services ordered by Customer. Any additional Online Services ordered by Customer will be included within its “Customer domain”.

Customer may request to replace Named User(s) or Extended Enterprise Named User(s), as applicable, as necessary to reflect permanent personnel change(s), provided that the number of individuals authorized to use the Online Services does not exceed the maximum number of rights granted to Customer for such Online Services, and reassignments do not exceed ten percent (10%) of the authorized Users, per year.

It is agreed that, notwithstanding anything to the contrary provided in the Documentation, software components packaged and delivered by 3DS as part of a given 3DS Offering:

- shall solely be used together and as part of such 3DS Offering and
- shall not be used standalone and/or for other purposes than the ones for which such 3DS Offering has been marketed and granted to Customer by 3DS.

If a patent invention is implemented in the 3DS Offering for which a right to use or access is granted pursuant to the Agreement, 3DS hereby grants Customer a non-exclusive license on the applicable patent limited to the use of such 3DS Offering.

2.2 SPECIFIC PROVISIONS FOR CERTAIN 3DS OFFERINGS

Users (or Extended Enterprise Users, as applicable) of any 3DS Offering listed below in Table 2, have access on top of the training materials, to complementary online environments where they can practice autonomously in self-paced mode during their training time. Access details are included in the courses. The server access duration and server access period are provided in Table 2 below.

Certification exams

Each certification exam requires a certain number of credits.

The list of certification exams, the number of credits required for each certification exam and the credit consumption rules are defined on 3DEXPERIENCE Edu Space (<https://eduspace.3ds.com/>).

To be granted such credits Customer must purchase the required number of *Certification Credit (6TP-CRLX-OC)* Online Services.

For some Online Services, Users have access to certification exams during the term of 3DS Offerings. Until a given exam is passed, consecutive attempts are separated by at least fourteen (14) days alternating with at least one hundred eighty (180) days.

3. OTHER PERMITTED USES FOR 3DS OFFERINGS

USE FOR CERTAIN SERVICES

Except for Development Tool Kits, Customer is authorized to use the Online Services for added-value engineering or implementation services. Added-value engineering or implementation services are services to deliver to a third party end user any deliverable generated specifically for said third party end user from use by Customer of the Online Services. In any event, Customer may not (1) use the Online Services to develop software code for (i) general distribution by any means, and whether alone or bundled or delivered with any product, data, information, software, or other element, or (ii) any services that do not add value attributable to the intervention of specific human skills, such as, without limitation, in a data services operation or as an application service provider, or (2) give any third party the access to the Online Services unless otherwise expressly authorized in the Agreement, or (3) represent or imply to any party that it is an authorized or certified provider of services for 3DS. Customer shall indemnify and defend 3DS against any claim, expense, judgment, damage or loss (including reasonable attorneys’ fees) which arises out of or in any way relates to Customer’s use of the Online Services with third party end users.

4. SPECIFIC TERMS FOR THIRD PARTY COMPONENTS

The specific terms relating to the use of certain third party components or products not developed by or for a 3DS Group Company and granted to Customer to be used in connection with or within a 3DS Offering are defined hereafter:

NONE

5. DEFINITIONS

The following definitions supplement those of the section "Definitions" of the Agreement.

5.1 GENERAL DEFINITIONS

Configuration or **Package** means a standard set of 3DS Offerings which are bundled together. The 3DS Offerings composing such Configuration or Package shall only be operated together.

Development Tool Kit means a 3DS Offering specifically designed for application or content development. A Development Tool Kit is either identified (i) with "CAA" or "ENOVIA Studio" or "Toolkit" or "Development Toolkit" in the 3DS Offering name, or (ii) in the Transaction Document and/or the Product Portfolio.

Extended Enterprise User means an employee of Customer's affiliate(s), supplier(s) and/or customer(s) authorized to use Customer's 3DS Offering for the sole and exclusive purpose of enabling the Extended Enterprise User(s) to conduct business with Customer. The use of the 3DS Offering by any such Extended Enterprise User(s) (1) shall be solely limited to use (a) as configured and deployed by Customer and (b) in connection with the Extended Enterprise User's performance of services for and on behalf of Customer, and (2) shall exclude any use by Extended Enterprise User (a) for its own account or a third party's account, or (b) for the purpose of modifying, otherwise using, maintaining or hosting the 3DS Offering. Extended Enterprise Users are authorized if so specified in the Product Portfolio.

Machine means a device on which a 3DS Offering is executed and which is either (1) (i) (a) belonging to Customer or under its sole control or supervision and (b) located on Customer's premises or according to Teleworking conditions, or (ii) authorized by Customer according to its own information technology charter or equivalent whereby third party devices (such as Users own devices) are specifically authorized, or (2) operated by a third party service provider as specifically authorized in the Agreement solely for and on behalf of Customer.

Product Portfolio means a set of information related to the 3DS Offerings available at <https://www.3ds.com/terms/product-portfolio/online-services>.

Remote Access means, if so specified in the Product Portfolio, that Users and/or Extended Enterprise Users may access and use the 3DS Offering remotely via the Internet from any country (subject inter alia to the export and re-export laws and regulations provisions of the Agreement).

Teleworking means any program authorized by and for the benefit of Customer to enable its employees to work outside its own premises, using information and communication technology (or equivalent program established by a Customer entitled to Education Use (or former Academic Use) of the 3DS Offerings for its Users).

Any use of 3DS Offerings while Teleworking is authorized if all of the following conditions are at all times met: (a) Customer's employees do so on Machine(s) connected to Customer's network (e.g. via Virtual Private Network), (b) Customer is able to provide access to such Machine(s) during a compliance verification according to the Agreement, and (c) Customer's employees use the 3DS Offerings for Customer's exclusive internal needs. Same use is authorized for Users of a Customer entitled to Education Use (or former Academic Use) of the 3DS Offerings.

User means any (a) Customer's employee, or (b) employee of Customer's consultant(s) or subcontractor(s) (i) who accesses a 3DS Offering, (ii) who works for the exclusive internal needs of Customer and (iii) whose usual workplace is located within Customer's premises. Subject to the terms and conditions of this Agreement, including without limitation, export-related obligations, Customer's employee may also work according to Teleworking conditions. For Education Use (or former Academic Use) of 3DS Offering, User means (i) any individual who works for Customer and is dedicated either to education or non-profit research or (ii) any individual duly enrolled in Customer's education program.

5.2 PRICING STRUCTURE DEFINITIONS

ASC means the Annual Service Charge for use of a 3DS Offering, subject to the conditions set forth in the Agreement. For the first year of each right to use a 3DS Offering, ASC is due together with the TSC. Provided Customer has paid TSC, payment of the ASC for a 3DS Offering entitles Customer to (i) use the 3DS Offering, (ii) Support Services for the Licensed Program(s) included in the 3DS Offering for one (1) year, including a license (subject to the conditions set forth in the Agreement) to use the Release(s) of such Licensed Program(s) made available by 3DS during such year, in lieu of the license(s) on the previous Release(s) of the Licensed Program(s) made available to Customer, and (iii) a one (1) year right to use and to receive Support Services for the elements of the 3DS Offering other than the Licensed Program(s) included in such 3DS Offering. Termination of ASC of a 3DS Offering ordered under a TSC/ASC pricing structure automatically terminates TSC. Each year, the ASC renewal price shall be calculated by applying the percentage difference between the list price of the renewal period and the list price of the prior period against the price charged to Customer for the prior period.

QSC means the Quarterly Service Charge for use of a 3DS Offering, subject to the conditions set forth in the Agreement. Payment of the QSC for a 3DS Offering entitles Customer to (i) a three (3) month right to use the 3DS Offering and (ii) Support Services for such 3DS Offering for three (3) months. Customer is deemed to have accepted to renew any 3DS Offering for three (3) months and to pay QSC at the then applicable price, if Customer continues to use such 3DS Offering(s) after the anniversary date of the 3DS Offering. The renewal price shall be calculated by applying the percentage difference between the list price of the renewal period and the list price of the prior period against the price charged to Customer for the prior period. Termination of use rights and Support Services is not permitted without terminating the access rights to the Online Services.

TSC means the Term-based Service Charge applicable to each 3DS Offering ordered under the TSC/ASC pricing structure. "TSCx" is a TSC for a period of "x" years. As an example, "TSC3" is a TSC for a period of three (3) years. The TSC is a one-time and non-refundable charge. Payment of the TSC for a 3DS Offering provides Customer with an access right to the Licensed Program(s) included in the 3DS Offering for a period as described in the Product Portfolio and/or in the Transaction Document, subject to the conditions set forth in the Agreement. TSC is not automatically renewed. Customer may terminate its online access of a 3DS Offering at any time and, if such option is generally available to the market, opt instead to install on Machines and use the functionally equivalent Release of the Licensed Program(s) being used by Customer upon the termination date of the corresponding ASC, provided that Customer requests such change in writing prior to such termination date and is not in breach of this Agreement. Any such use shall be for the remaining duration of the TSC ordered by Customer and subject to the terms of this Agreement.

YSC means the Yearly Service Charge for use of a 3DS Offering, subject to the conditions set forth in the Agreement. Payment of the YSC of a 3DS Offering entitles Customer to (i) a one (1) year right to use the 3DS Offering and (ii) Support Services for such 3DS Offering for one (1) year. Customer is deemed to have accepted to renew any 3DS Offering for one (1) year and to pay YSC at the then applicable price, if Customer continues to use such 3DS Offering(s) after the anniversary date of the 3DS Offering. The renewal price shall be calculated by applying the percentage difference between the list price of the renewal period and the list price of the prior period against the price charged to Customer for the prior period. Termination of use rights and Support Services is not permitted without terminating the access rights to the Online Services.

5.3 LICENSING SCHEME DEFINITIONS

Credit Based. Use of a 3DS Offering granted in Credit Based mode provides a right to consume a determined number of credits for the access duration to the 3DS Offering. Credits are for a one-time use (consumable and not reusable) and not refundable. As the number of credits is specified on a yearly basis, the number of credits is pro-rated according to the term of the 3DS Offering. For terms of one (1) year or less, all credits are issued at the beginning of the term and unused credits expire at the end of the term. For terms longer than one (1) year, credits are issued per year and unused credits expire at the end of the given year period; for any incomplete year period, the number of issued credits is pro-rated and unused credits expire at the end of the given incomplete year period. The quantity of credits required for a given use of the 3DS Offering is determined in the Product Portfolio and/or in the Documentation, and may be changed in the event of modifications to such 3DS Offering. Pool of credit(s) of same type can be accessed simultaneously by one or several authorized Users and/or Extended Enterprise Users and/or Machines, as applicable, within the limit of the number of remaining available credits. Credits of given type(s) may be required to enable use of other 3DS Offerings.

Extended Enterprise Named User means an Extended Enterprise User identified with a unique username and password to use the 3DS Offering from a single machine at any given time.

Named User means a User identified with a unique username and password to use the 3DS Offering from a single machine at any given time.

Named User Based. Use of a 3DS Offering in Named User Based mode is authorized for the maximum number of Named Users and/or Extended Enterprise Named Users, as applicable, defined in related Transaction Document. If so specified in the Product Portfolio, certain 3DS Offerings used in Named User Based mode can be run on several machines at the same time, within the limit of the consumption capacity of the Token Based licenses. Customer shall not use any automated program or “user agent” program or utilities for multiple Users and/or Extended Enterprise Users, as applicable, and Customer shall ensure that Named Users and Extended Enterprise Named Users do not share or use the same username and password. Customer may replace Named User(s) or Extended Enterprise Named User(s), as applicable, as necessary to reflect permanent personnel change(s), provided that the number of individuals authorized to use the 3DS Offering does not exceed the maximum number of rights granted to Customer for such 3DS Offering. Upon 3DS’s request, Customer shall provide 3DS with a signed document listing (i) the number of Named Users and Extended Enterprise Named Users, as applicable, (ii) the type of use of the 3DS Offerings, and (iii) the locations and types of the systems on which 3DS Offerings operate or Customer has installed the 3DS Offering(s) as applicable. 3DS may provide Customer with one or more utilities, either included within the 3DS Offering(s) or separately, for the purpose of analyzing access right(s) and utilization, to establish usage by Customer. In such case, Customer shall provide, if applicable, the unedited and unmodified output file(s) and/or report(s) resulting from the operation(s) of such utility(ies), along with a signed declaration that the file(s) is(are) representative of actual 3DS Offering(s) usage. Customer is responsible for implementing all reasonable means to monitor its compliance with the terms of the Agreement.

Token Based. Use of a 3DS Offering granted in Token Based mode provides a right to use a determined number of tokens for the access duration to the 3DS Offering. Tokens are reserved for one (1) use at a time and when released, are available for other uses. The quantity of tokens required for a given use of the 3DS Offering is determined in the Product Portfolio and/or in the Documentation, and may be changed in the event of modifications to such 3DS Offering. Pool of tokens of same type can be accessed and used simultaneously by one or several authorized Users and/or Extended Enterprise Users and/or Machines, as applicable within the limit of the number of available tokens. Tokens of given type(s) may be required to enable use of other 3DS Offerings.
