As the number of credits is specified on a yearly basis, the number of credits is pro-rated according to the term of the 3DS Offering. For terms of one (1) year or less, all credits are issued at the beginning of the term and unused credits expire at the end of the term. For terms longer than one (1) year, credits are issued per year and unused credits expire at the end of the given year period; for any incomplete year period, the number of issued credits is pro-rated and unused credits expire at the end of the given incomplete year period. The quantity of credits required for a given use of the 3DS Offering is determined in the Product Portfolio and/or in the Documentation, and may be changed in the event of modifications to such 3DS Offering. Pool of credit(s) of same type can be accessed simultaneously by one or several authorized Users and/or Extended Enterprise Users and/or Machines, as applicable, within the limit of the number of remaining available credits. If so specified in the Product Portfolio, certain 3DS Offerings used in Named User Based mode can be run on several machines at the same time, within the limit of the consumption capacity of the Token Based licenses. Customer shall not use any automated program or “user agent” program or utilities for multiple Users and/or Extended Enterprise Users, as applicable, and Customer shall ensure that Named Users and Extended Enterprise Named Users do not share or use the same username and password. Customer may replace Named User(s) or Extended Enterprise Named User(s), as applicable, as necessary to reflect permanent personnel change(s), provided that the number of individuals authorized to use the 3DS Offering does not exceed the maximum number of rights granted to Customer for such 3DS Offering. Upon 3DS's request, Customer shall provide 3DS with a signed document listing (i) the number of Named Users and Extended Enterprise Named Users, as applicable, (ii) the type of use of the 3DS Offerings, and (iii) the locations and types of the systems on which 3DS Offerings operate or Customer has installed the 3DS Offering(s) as applicable. 3DS may provide Customer with one or more utilities, either included within the 3DS Offering(s) or separately, for the purpose of analyzing access right(s) and utilization, to establish usage by Customer.
