DASSAULT SYSTEMES
THIRD PARTY TERMS (TPT) FOR
SIMULIA Abaqus for CATIA V5 Release V5-6R2023
LICENSED PROGRAMS

1. OPEN SOURCE COMPONENTS

The Licensed Programs may include open source components. Whenever notices (such as acknowledgment, copies of licenses or attribution notice) are required by the original licensor, such notices are included in the Documentation or Program Directory (PDir) of the Licensed Programs.

Moreover, some open source components may not be distributed and licensed under the terms of the Agreement but under the terms of their original licenses as set forth in the Documentation or Program Directory (PDir) of the Licensed Programs themselves.

Source code for open source software components licensed under terms and conditions that mandate availability of such source code is available upon request. Except for components mentioned in the section EXCLUSIONS below, the warranty and indemnification provided by DS under the Agreement apply to all open source software components and shall be provided by DS and not by the original licensor, but only for the use of the Licensed Programs that is in compliance with the terms of the Agreement, and in conjunction with the Licensed Programs. The original licensors of said open source software components provide them on an "as is" basis and without any liability whatsoever to Customer (or Licensee).

2. ADDITIONAL THIRD PARTY TERMS

The following terms apply in addition to the Agreement:

NONE

3. EXCLUSIONS

The warranty and indemnification provided by DS under the Agreement are not applicable to certain optional third party software components as identified in the Documentation, which are not part of the Licensed Programs but are directly licensed by their respective licensors. They may be included on the media with the Licensed Programs for Customer's (or Licensee's) convenience and be executed at Customer's (or Licensee's) option.

The Support Services provided by DS under the Agreement are not applicable to third party components listed hereunder:

NONE
