LICENSED PROGRAMS

1. OPEN SOURCE SOFTWARE

The Licensed Programs may include open source software components. Whenever notices (such as acknowledgment, copies of licenses or attribution notice) are required by the original licensor, such notices are included in the Documentation of the Licensed Programs.

The following components are not distributed and licensed under the terms of the Agreement but under the terms of their original licenses set forth in the Documentation of the Licensed Programs themselves. Source code for these components is available upon request.

Except for components mentioned in the section “EXCLUSIONS” below, the warranty, indemnification and Support Services provided by DS under the Agreement apply to all such open source software components and shall be provided by DS and not by the original licensor, but only for the use of the Licensed Programs that is in compliance with the terms of the Agreement, and in conjunction with the Licensed Programs. The original licensors of said open source software components provide them on an “as is” basis and without any liability whatsoever to Customer (or Licensee).

2. ADDITIONAL THIRD PARTY SOFTWARE TERMS

Oracle:

The following terms apply in addition to the Agreement if Customer (or Licensee) is granted licenses of Oracle software:

1. Use of the Commercial Features for any commercial or production purpose requires a separate license from Oracle. “Commercial Features” means those features identified Table 1-1 (Commercial Features In Java SE Product Editions) of the Java SE documentation accessible at <http://www.oracle.com/technetwork/java/javase/documentation/index.html>.
2. Customer (or Licensee) shall have no right to distribute Oracle software.
3. Oracle is a third party beneficiary of the Agreement.

Sencha:

Customer (or Licensee) is not authorized to use Sencha components in any other application other than the one with which it is distributed.

3. EXCLUSIONS

The warranty, indemnification and Support Services provided by DS under the Agreement are not applicable to open source software components listed hereunder:
