

DASSAULT SYSTEMES THIRD PARTY TERMS (TPT) FOR No Magic Release 19.0 LICENSED PROGRAMS

1. OPEN SOURCE COMPONENTS

The Licensed Programs may include open source components. Whenever notices (such as acknowledgment, copies of licenses or attribution notice) are required by the original licensor, such notices are included in the Documentation of the Licensed Programs.

Moreover, some open source components may not be distributed and licensed under the terms of the Agreement but under the terms of their original licenses as set forth in the Documentation of the Licensed Programs themselves.

Source code for open source software components is available upon request. Except for components mentioned in the section EXCLUSIONS below, the warranty and indemnification provided by DS under the Agreement apply to all open source software components and shall be provided by DS and not by the original licensor, but only for the use of the Licensed Programs that is in compliance with the terms of the Agreement, and in conjunction with the Licensed Programs. The original licensors of said open source software components provide them on an "as is" basis and without any liability whatsoever to Customer (or Licensee).

2. ADDITIONAL THIRD PARTY TERMS

The following terms apply in addition to the Agreement:

Siemens Teamcenter

The following terms also apply if Customer is granted licenses of Siemens Teamcenter software:

Siemens PLM Teamcenter is provided on a nonexclusive, nontransferable basis to Customer, without the right to grant further sublicenses, solely for installation, access, evaluation and use by Customer within the Territory as an embedded component of, and in conjunction with, the Licensed Programs.

Siemens PLM is a third party beneficiary to the license and online services agreement with the right to enforce their terms as they relate to the Software Redistributables of the Siemens PLM Teamcenter product directly against Customers.

3. EXCLUSIONS

The warranty and indemnification provided by DS under the Agreement are not applicable to third party software components listed hereunder:
