

THIRD PARTY SOFTWARE TERMS FOR Reqtify – ControlBuild – AUTOSAR 2013-1

Open Source Software

The Licensed Programs may include open source software components. Whenever notices (such as acknowledgment, copies of licenses or attribution notice) are required by the original licensor, such notices are included in the Documentation of the Licensed Programs.

The following components are not distributed and licensed under the terms of the Agreement but under the terms of their original licenses set forth in the Documentation and/or notice files in the Licensed Programs themselves. Source code for these components is available upon request.

Under the GNU LESSER GENERAL PUBLIC LICENSE version 2:
Libiconv

Except for packages mentioned in “Exclusions” below, the warranty and Support Services provided by Dassault Systèmes under the Agreement apply to all such open source software components and shall be provided by Dassault Systèmes and not by the original licensor, but only for the use of the Licensed Programs that is in compliance with the terms of the Agreement, and in conjunction with the Licensed Programs. The original licensors of said open source software components provide them on an “as is” basis and without any liability whatsoever to Customer.

Additional Third Party Software terms

AUTOSAR Builder contains Eclipse components and Artop (AUTOSAR Tool Platform). The contributors of these components disclaim any and all warranties and may not be held liable for damages arising from the use of such components. The source code of these components is available upon request.

Exclusions

The warranty and Support Services provided by Dassault Systèmes under the Agreement are not applicable to open source software components listed hereunder:
Mingw (Portions, see <http://www.mingw.org/license>)
