

3DEXPERIENCE®

INDUSTRY SERVICES **TRANSITION FACTORY**

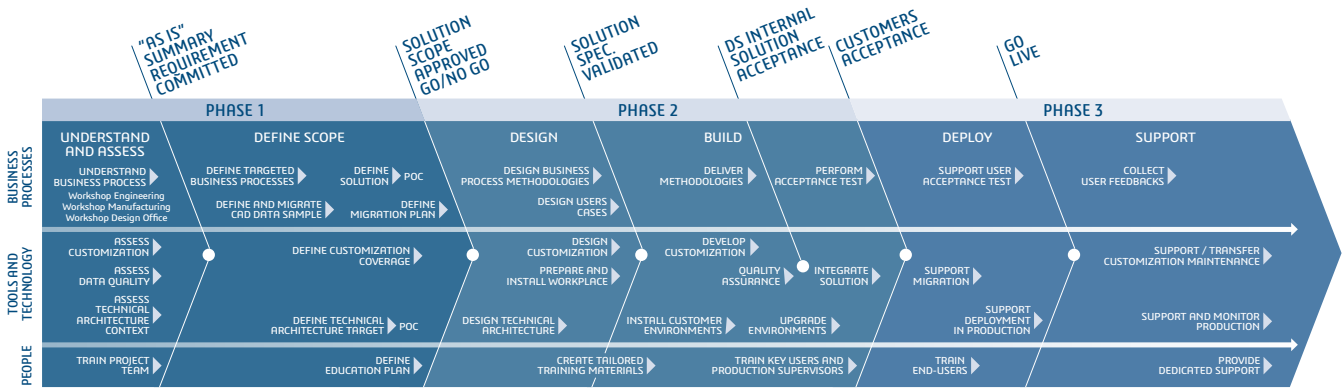

A smooth transition to the **3DEXPERIENCE**

MAXIMIZING YOUR 3DEXPERIENCE

Transition Factory incorporates methodologies, tools and customization into a comprehensive strategy and implementation plan to deliver a unified and flexible V6 transition that meets your business needs. This safe and non-disruptive solution supports transition and coexistence scenarios with all 3DS and competitor legacy sources with best in class quality.

Beginning with an assessment of your business processes, tools and personnel, we define a transition plan with your goals, timing and project requirements in mind.

A SECURE TRANSITION PLAN

The Transition Factory service offering helps provide a secure transition path to the **3DEXPERIENCE**® platform. This proven implementation offering aligns a secure transition plan to your business strategy and maximizes your return on investment.

Approach and Methodology

Transition Factory uses a three phased approach to help your entire organization along the way.

Phase 1—Assess and Define

Comprehensive understanding of your business processes and requirements to provide an initial transition plan that includes insight on V6 capabilities and value

Phase 2—Design and Build

Design and build solution to maximize V6 out of the box features, maximize solution reliability and maintain alignment with 3DS R&D product roadmap

Phase 3—Deploy and Support

Deploy solution, assist with data migration, educate user population and maintain high level of system performance

Transition Factory Value

- Protects your IP and investment in 3DS Solutions
- Flexible transition paths
- Safe and non-disruptive implementation
- Capitalized methodologies based on previous deployments
- Optimizes end-user adoption

PARTNER WITH DASSAULT SYSTÈMES INDUSTRY SERVICES

Dassault Systèmes Industry Services helps ensure that 3DS technology is successfully implemented to fit your unique business needs. Our collective knowledge of 3DS teams, partners, consultants and system integrators incorporates technology, industry best practices and methodologies that have been utilized in successful deployments across multiple business environments.

With over 15 years of deployment experience, Dassault Systèmes Industry Services acts as your catalyst to unleashing new capabilities and industry and business processes to achieve a better competitive advantage with 3DS technology. We help you define and launch projects on the right trajectory to hit targets for value, schedule, cost and performance.

Our service offerings:

- Consulting—take full advantage of 3DS technology
- Deployment—implement our technology efficiently
- Engineering—increase your efficiency and innovation
- Enablement—increase user adoption in your environment

No other group possesses our level of expertise and experience. Contact your 3DS representative today to learn more about how you can fully leverage the **3DEXPERIENCE** to meet your business objectives.

Dassault Systèmes partner

Our 3DEXPERIENCE® platform powers our brand applications, serving 12 industries, and provides a rich portfolio of industry solution experiences.

Dassault Systèmes, the **3DEXPERIENCE**® Company, provides business and people with virtual universes to imagine sustainable innovations. Its world-leading solutions transform the way products are designed, produced, and supported. Dassault Systèmes' collaborative solutions foster social innovation, expanding possibilities for the virtual world to improve the real world. The group brings value to over 190,000 customers of all sizes in all industries in more than 140 countries. For more information, visit www.3ds.com.
