SUMMARY

We are pleased to offer a variety of courses to help you reach productivity quickly and increase the value of your investment in BIOVIA software. A range of training options and delivery methods is available so you can choose a format that best meets your needs. We use structured training materials developed by certified instructional designers and include extensive examples and exercises to maximize practical skills that you can put to use immediately.

Delivery Methods:

- **Instructor-Led Training:** Facilitated by a BIOVIA certified instructor, this training takes place onsite at your location or through a virtual classroom. These courses offer hands-on exercises to enhance the learning experience.

INSTRUCTOR-LED COURSE

AUTHORING AND EXECUTING RECIPES WITH BIOVIA COMPOSE/CAPTURE

This course teaches you how to create reusable recipes that can be executed in a laboratory environment. You will learn to view existing recipes; generate recipes from scratch or from existing recipes; approve recipes and assign them for execution; and execute recipes that have been assigned to you.
