## INSTRUCTOR-LED COURSES

### EDMS – ENTERPRISE DOCUMENT MANAGEMENT SYSTEM

#### EDMS DOCUMENT MEMBER

This course is designed for View Only members of the Electronic Document Management System. The content is based on standard documents available to members via permission. Exercises focus on basic use of the system including: understanding/navigating the EDMS interface, searching, viewing, and printing documents.

Topics	Details
<ul style="list-style-type: none"> <li>• Accessing and exiting EDMS</li> <li>• Understanding the EDMS interface</li> <li>• Searching for Documents</li> <li>• Viewing and Printing a Documents</li> <li>• Read &amp; Understood</li> </ul>	<p><b>Duration:</b> ½ Day</p> <p><b>Prerequisites:</b> None</p> <p><b>Location:</b> Onsite or remote</p>

## EDMS DOCUMENT MANAGER

This course is designed for Standard users of the Electronic Document Management System. The content is based on advanced use of document and workflow functionality. Exercises focus on the creation and management of documents, creation and management of workflows for review and approval of documents, reporting, and advanced printing.

Topics	Details
<ul style="list-style-type: none"><li>• Creating Documents and Collections</li><li>• Exporting Documents and Collections</li><li>• Editing Documents</li><li>• Creating Workflows</li><li>• Completing Workflow Tasks</li><li>• Working with Reports</li><li>• Accessing Audit Trail</li><li>• Hardcopy Management</li></ul>	<p><b>Duration:</b> 1.5 Days</p> <p><b>Prerequisites:</b> Document Member</p> <p><b>Location:</b> Onsite or remote</p>

## EDMS LOCAL ADMINISTRATION TRAINING

This course provides the knowledge of how to create and edit EDMS objects based on advanced Users that are members of the local\_admin\_grp. The local\_admin\_grp grants users permission to carry out day-to-day admin activities: Add new users, Modify group / role membership, Modify existing workflow instances, Update picklists, formats and monitor basic document jobs.

Topics	Details
<ul style="list-style-type: none"><li>• Creating Folders</li><li>• Creating/Managing Users</li><li>• Creating Permission Groups/Roles</li><li>• Assigning Permissions to Users and Objects</li><li>• Modifying Picklists</li><li>• Adding/Modifying Formats</li><li>• Monitoring of basic document jobs</li></ul>	<p><b>Duration:</b> ½ Day</p> <p><b>Prerequisites:</b> Document Manager</p> <p><b>Location:</b> Onsite or remote</p>

## EDMS FULL ADMINISTRATION TRAINING

This course provides end-to-end knowledge of how to create and manage all EDMS objects for users that are members of the Administrators Role. The Administrators Role grants users Full access to all admin activities in EDMS: Creating/Editing new Document and Workflow Types, Managing Numbering Systems, Lifecycle States, Picklists, Printtypes and Templates. This course also includes all end user Document Member and Document Manager training

Topics	Details
<ul style="list-style-type: none"> <li>• Repository Configuration – Cabinets and Folders</li> <li>• Meaning of Signatures, Roles and Departments</li> <li>• Users and Groups</li> <li>• Formats, Change Categories, and Keywords</li> <li>• Numbering Systems, Lifecycle States and Picklists</li> <li>• Workflow Types</li> <li>• Document Types</li> <li>• Print types</li> <li>• Document Templates</li> </ul>	<p><b>Duration:</b> 3 Days</p> <p><b>Prerequisites:</b> <i>other EDMS courses recommended</i></p> <p><b>Location:</b> Onsite</p>

## EQMS – ENTERPRISE QUALITY MANAGEMENT SYSTEM

### EQMS AUDIT END USER

This course is designed for members of the Electronic Quality Management System who are involved with conducting and participating in internal and/or external Audits. Exercises focus on creating Audit instances, managing the various Audit processes, along with searching for and reporting on Audits.

Topics	Details
<ul style="list-style-type: none"> <li>• General EQMS overview</li> <li>• Creating and Managing the Auditing Process</li> <li>• Creating and Managing the Audited Process</li> <li>• Creating and Managing Audit Scheduling</li> <li>• Searching for Audit Instances</li> <li>• Audit Reporting</li> </ul>	<p><b>Duration:</b> 1 Day</p> <p><b>Prerequisites:</b> None</p> <p><b>Location:</b> Onsite</p>

### EQMS CAPA END USER

This course is designed for members of the Electronic Quality Management System who are involved with any part of the CAPA process. Exercises focus on creating CAPA instances, participating in the CAPA process, along with searching for and reporting on CAPAs.

Topics	Details
<ul style="list-style-type: none"> <li>• General EQMS overview</li> <li>• Creating and Managing the CAPA Process</li> <li>• Searching for CAPA Instances</li> <li>• CAPA Reporting</li> </ul>	<p><b>Duration:</b> ½ Day</p> <p><b>Prerequisites:</b> None</p> <p><b>Location:</b> Onsite</p>

## EQMS CHANGE CONTROL END USER

This course is designed for members of the Electronic Quality Management System who are involved with any part of the Change Control process. Exercises focus on creating Change Control instances, participating in the Change Control process, along with searching for and reporting on Change Controls.

Topics	Details
<ul style="list-style-type: none"><li>• General EQMS overview</li><li>• Creating and Managing the Change Control Process</li><li>• Searching for Change Control Instances</li><li>• Change Control Reporting</li></ul>	<p><b>Duration:</b> ½ Day <b>Prerequisites:</b> None <b>Location:</b> Onsite</p>

## EQMS COMPLAINT END USER

This course is designed for members of the Electronic Quality Management System who are involved with any part of the Complaint process. Exercises focus on recording Complaints, participating in the Complaint process, understanding the HIPAA role in the Complaint process, along with searching for and reporting on Complaints.

Topics	Details
<ul style="list-style-type: none"><li>• General EQMS overview</li><li>• Recording and Managing the Complaint Process</li><li>• Understanding the Complaint HIPAA Role</li><li>• Searching for Complaint Instances</li><li>• Complaint Reporting</li></ul>	<p><b>Duration:</b> ½ Day <b>Prerequisites:</b> None <b>Location:</b> Onsite</p>

## EQMS DEVIATION END USER

This course is designed for members of the Electronic Quality Management System who are involved with any part of the Deviation process. Exercises focus on recording Deviations, participating in the investigation and resolution of the Deviation, along with searching for and reporting on Deviations.

Topics	Details
<ul style="list-style-type: none"><li>• General EQMS overview</li><li>• Recording and Managing the Deviation Process</li><li>• Searching for Deviation Instances</li><li>• Deviation Reporting</li></ul>	<p><b>Duration:</b> ½ Day <b>Prerequisites:</b> None <b>Location:</b> Onsite</p>

## EQMS LOCAL ADMINISTRATION TRAINING

This course provides the knowledge of how to create and edit EQMS objects based on advanced Users that are members of the Local Administrators Role. The Local Administrators Role grants users permission to carry out day-to-day admin activities: Add new Users, Modify Role membership, Modify Custom Lists, Managing Numbering Systems, Understanding the Data Correction Role, Task User Administration, and Reporting.

Topics	Details
<ul style="list-style-type: none"> <li>• Understanding the EQMS Interface</li> <li>• Adding/Managing Users</li> <li>• Managing Roles</li> <li>• Modifying Custom Lists</li> <li>• Numbering Systems and Sequences</li> <li>• Saved Searches</li> <li>• Data Correction Role</li> <li>• Task User Administrator</li> <li>• Reporting</li> </ul>	<p><b>Duration:</b> ½ Day</p> <p><b>Prerequisites:</b> <i>other EQMS courses recommended</i></p> <p><b>Location:</b> Onsite</p>

## EQMS FULL ADMINISTRATION TRAINING

This course provides end-to-end knowledge of how to create and manage all EQMS objects for users that are members of the Administrators Role. The Administrators Role grants users Full access to all admin activities in EQMS: Creating/Editing new Process Types, Managing Supporting Objects, Setting Permissions, Organizing Menus and Views, Advanced Searching and Reporting.

Topics	Details
<ul style="list-style-type: none"> <li>• Introduction to ProcessCompliance System Administration               <ul style="list-style-type: none"> <li>○ User Interface</li> <li>○ System Administration</li> <li>○ System Permissions</li> <li>○ User Administration</li> <li>○ Classifications</li> <li>○ Roles</li> </ul> </li> <li>• Process Types               <ul style="list-style-type: none"> <li>○ Supporting Objects                   <ul style="list-style-type: none"> <li>▪ Numbering</li> <li>▪ Custom Lists</li> <li>▪ External Data Locations</li> <li>▪ Grids and Records</li> <li>▪ Signature Definitions</li> </ul> </li> <li>○ Permissions</li> <li>○ Fields</li> <li>○ Pages/Styles</li> <li>○ Workflow</li> </ul> </li> </ul>	<p><b>Duration:</b> 3 Days</p> <p><b>Prerequisites:</b> <i>other EQMS courses recommended</i></p> <p><b>Location:</b> Onsite</p>
