

Virtual Workshop Agenda

Basic Navigation

During this internet based training we will introduce employees that may have just started to use the DELMIAworks to the basics of using the software. For example, when implementing the Preventative Maintenance modules, it would be beneficial for Maintenance personnel to attend this course prior to attending a PM course.

Duration: 1 hour

Topics discussed:

- Navigating to each module-including terminology such as speed buttons, picklists, navigator bars and etc.
- Picklists- including advanced searching using the filter, sort and scope features.
- Jumping from module to module.
- User fields
- Report printing using the reports menu and the printer speed button as well as how they relate to printing internal/external documents

Training Policy

Internet based training sessions are presented via TeamViewer or GoToMeeting. Please contact our Training Department at 805.227.1122 Ext.4, or email DELMIAworks.training@3ds.com for course availability and pricing information.

Customer Cancellation & Reschedule Policy

- 49 hours or more, no charge
- 48 hours or less, 50% charge
