INDUSTRY SERVICES
3DS UPGRADE FACTORY
Ensure a successful V6 **3DEXPERIENCE** upgrade

**UPGRADE THE
RIGHT WAY,
THE FIRST TIME**

In order to address dynamic business needs companies are turning to next-generation platforms. However, when implementing a new technology, customers are faced with the challenge of mitigating risk on their IT infrastructure and protecting data assets while optimizing their investment.

The 3DS Upgrade Factory is more than just a way to implement the latest technology. It's an essential tool to help you upgrade quickly, safely and prevent costly mistakes.

Up to 30% lower costs and shorter implementation time over all other upgrade options

KEY BENEFITS

- **Mange risk by bridging the gap between OOTB Software release and customer environment**
- **Reduce costs with flexible resource alternatives and variations based on standardized, repeatable global implementation processes**
- **Prepare for future upgrades by establishing a foundation to address dynamic business needs**
- **Increased end user adoption with education and best practices for new release**
- **A direct link to DS R&D (DS Lab)**

IMPLEMENT MORE THAN JUST THE LATEST TECHNOLOGY

The 3DS Upgrade Factory offering enables you to upgrade your existing production system to the latest release of 3DS V6 or **3DEXPERIENCE®** platform while improving end-user adoption and maximizing return on investment. Upgrade Factory helps you reduce customization by optimizing out of the box capabilities, protect the integrity of day-to-day operations and set the stage for easier future upgrades, while taking full advantage of new processes, features and core technologies.

Improve business efficiency, reduce costs, and meet market demands

The Upgrade Factory is an efficient and managed two-stage process. The Industry Services team works closely with you to comprehensively assess your current business environment recommend an appropriate upgrade strategy and develop an execution plan that provides appropriate support during the

engagement. Leverage their best practices to establish the foundation needed for a successful 3DS PLM implementation, including documenting and publishing the entire process, to improve business efficiency, prevent costly mistakes and quickly meet new market demands.

PARTNER WITH DASSAULT SYSTÈMES INDUSTRY SERVICES

Dassault Systèmes Industry Services helps ensure that 3DS technology is successfully implemented to fit your unique business needs. Our collective knowledge of 3DS teams, partners, consultants and system integrators incorporates technology, industry best practices and methodologies that have been utilized in successful deployments across multiple business environments.

With over 15 years of deployment experience, Dassault Systèmes Industry Services acts as your catalyst to unleashing new capabilities and industry and business processes to achieve a better competitive advantage with 3DS technology. We help you define and launch projects on the right trajectory to hit targets for value, schedule, cost and performance.

Our service offerings:

- Consulting—take full advantage of 3DS technology
- Deployment—implement our technology efficiently
- Engineering—increase your efficiency and innovation
- Enablement—increase user adoption in your environment

No other group possesses our level of expertise and experience. Contact your 3DS representative today to learn more about how you can fully leverage the **3DEXPERIENCE** to meet your business objectives.

TWO STAGES, SIX PHASES

Our 3DEXPERIENCE® platform powers our brand applications, serving 12 industries, and provides a rich portfolio of industry solution experiences.

Dassault Systèmes, the 3DEXPERIENCE® Company, provides business and people with virtual universes to imagine sustainable innovations. Its world-leading solutions transform the way products are designed, produced, and supported. Dassault Systèmes' collaborative solutions foster social innovation, expanding possibilities for the virtual world to improve the real world. The group brings value to over 190,000 customers of all sizes in all industries in more than 140 countries. For more information, visit www.3ds.com.
