

3DS LEARNING SOLUTIONS CATIA V5R19-V5-6R2014 UPDATE COURSES

*MAKE THE BEST USE OF THE DASSAULT SYSTÈMES CORE MECHANICAL
AND SHAPE SOLUTIONS AT THE V5-6R2014 RELEASE LEVEL*

**UPDATE YOUR SKILLS
WITH EFFICIENT
LEARNING MODULES
AVAILABLE DURING
AND AFTER THE
CLASSES, 7*24**

These Hands-on Dassault Systèmes courses combine video, exercises, theory and self-assessments for fast and efficient skills upgrade to V5-6R2014 for experienced CATIA V5R19 Users. They include one Companion for Mechanical Design (Part Design, Assembly, Sketcher, Drafting), and one Companion for Shape Design (GS1, GSD).

GET ONLINE ACCESS DURING AND AFTER THE CLASS TO CATIA V5-6R2014 Update Courseware.

Customers who attend a class can get access to the Online Courseware after the class.

CATIA Mechanical Design V5R19-R24 Update

This course will cover updates related to the Sketcher, Part Design, Generative Shape Design and Drafting workbenches. More specifically students will see enhancements concerning: geometry creation; constraints and limitations; dress-up features; feature duplication; wireframe and curve creation; surface creation; geometry and view creation; and annotations.

CATIA Generative Shape Design V5R19-R24 Update

This course will cover updates related to the Generative Shape Design workbench. Among others students will see enhancements concerning: parallel curve definition; curves from equations; contours; rolling offsets; mirrored effects; multi-sections surfaces; sweeps; fill surfaces; sew surfaces; chamfers; and extrapolate.

Experience our 3DS Learning Solutions

Created under the guidance of Dassault Systèmes' product managers and developed by training experts following instructional design best practices, the 3DS Learning Solutions Companions provide optimized, interactive training kits. Combining various learning strategies such as videos, animations, interactive simulations, theory presentations, hands-on practice, and assessments, Companion courses will teach you how to use the Dassault Systèmes Experience platform optimally. Real-life case studies will allow you to experience the power of the solutions and make the best use of its vast array of tools and capabilities.

As a result of Assessment Testing and online access to Companion Learning Space (CLS), subsequent to instructor-led course completion, you are afforded ultimate control in Learning with self-initiated decisions within the Companion interactive menu, choosing exactly what is required in support of your unique job responsibilities and, over time, gaining valuable accreditation, as may be required.

Key Benefits

- Online access to **Desired courseware, Student exercises and tests, always up-to-date**
- **Self-initiated learning** within the **Companion interactive menu**
- **Review** and complement Classroom concepts **at your own pace**
- **Discover new CATIA functionalities**
- **Improved Skills Gaps and Performance measurements with tests**
- **Immediate access, immediate start-up, no installation needed**
- **Increased flexibility.**

Discover how 3DS Learning Solutions can complement your classroom learning and help your organization maximize its productivity.
