

3DS LEARNING SOLUTIONS **TRAINING CLASS PLUS ELEARNING**

The perfect match for
the most productive learning experience

OVER 1,400 COMPANION COURSES ONLINE KEEP YOU UP-TO-DATE

Keeping your staff trained and up-to-date on PLM solutions has always been a challenge. One-time training in a classroom without continuing to upgrade skills significantly reduces productivity. A subscription to **3DS Companion Learning Space** is a smart choice for customers looking to review and complement what they learn in the classroom. You get online access to eLearning courses both during and after classroom training, with a regularly updated eLibrary of web-based training for Dassault Systèmes applications.

3DS COMPANION LEARNING SPACE

3DS Learning Solutions provides a wide range of courses to improve PLM performances. Courses are updated with each release to keep users current in the latest methods. Dassault Systèmes Education Partners are committed to providing the highest quality education services, utilizing official 3DS courseware to offer both customized and off-the-shelf courses to our clients worldwide.

ANNUAL SUBSCRIPTION FOR THE BEST VALUE AND FLEXIBILITY

Get the latest Dassault Systèmes online courses.

Choose what works best for your budget, your people, and your projects.

You can subscribe to yearly online access to the Companion products you need, now available in three portfolios:

- V5 Online Companion (83 Companion products available),
- V6 Online Companion (27 Companion products)
- Public Cloud Companion for 3DEXPERIENCE (80 Companion products).

Main benefits:

- Review and complement what you learn class
- Quickly get an answer whenever a question comes up
- Perform evaluations at your own pace.

Including Companion in a standard training program usually helps our Customers shorten their training by 20% and cut their training costs by 20%.
