SEER by GALORATH

- **SEER Ply Cost Estimator (for CATIA V5)**

  Comprehensive composite part cost estimates

CATIA

Prereq	Coreq
CD3 or HD2+ CPM	---

- Create detailed composite part cost estimates for labor (setup, direct, inspection, rework), material, and tooling costs
- Update and refresh estimates as the design matures through the manufacturing preparation design phase
- Create and save multiple estimate scenarios for each part to compare and trade options.
- Fully customizable knowledge base templates and rules to fit your factory environments, labor rates, and processes
- Publish/Save estimates as SEER cost models to be shared with SEER users for inclusion into other estimates
- CATIA users can review the estimate, even if Ply Cost Estimator and/or SEER are not installed
