POSITION IMAGING

"Position Tracking with 3DWIFI"

- **Product** 3DWIFI

  Precise real-time 3D position tracking in large scale environments
  - Independence of line of sight and lighting conditions
  - No perceived latency
  - Ability to work in large areas without the use of markers or cameras
  - Low cost

- **Benefits**

  Connects virtual data with people and equipment in the real world, based on highly accurate location information
  - Simplifying equipment maintenance and various facility inspection activities
  - Improving security and training procedures
