The CATIA 4D Navigator for V4R2.5 product provides a "user friendly" graphic environment to visualize, inspect and graphically navigate in very large mechanical and architectural CAD models. This high performance environment is offered on the new CATIA user interface under the UNIX® platform.

The CATIA 4D Navigator for V4R2.5 product is withdrawn. This PRPQ makes the product available to select customers on a controlled basis. Contact your Dassault Systemes representative for additional information.

Programming Requirements

Common Software Requirements

- CATIA.4D Navigator (5626-N4D)
  - AIX®: OpenGL and GL 3.2 Runtime Environment (delivered with the Operating System)
  - HP-UX: PHSS_32934 : OpenGL 1.1 Run (PA2.0 only)
  - Solaris: Open GL delivered with OS : version 1.3

Refer to your country-specific announcement letter for additional software pre-requisite information.

License Management:

This product uses Dassault Systemes License Use Management (LUM) supporting nodelock and license server.

- Dassault Systemes License Use Management Runtime, Version 4.6.8 is required for AIX, HP-UX, and Solaris licensed servers and clients.

Use-Based Charges/Usage Restrictions

Charges for this program are based on the number of users logged on at any time. The total number of users logged on may not exceed the number for which you have been authorized. If the total number exceeds your authorization, you must notify Dassault Systemes and obtain additional authorizations.

Softcopy Publications

The program that Dassault Systemes licenses may include licensed publications in displayable or source form. Except as provided in this section, the terms and conditions of the license agreement with Dassault Systemes apply to these publications and to any copies that are made from them.

The licensed publications may be used in displayable or source form on all machines designated for this program. The licensed publications
may also be copied and used on other machines in support of authorized use of this program.

To support authorized use of the Program, printed copies of the displayable or source material may be made if the copyright notice and any other legend of ownership is reproduced on each copy or partial copy. ¹

---

**Warranty**

This program is warranted as specified in the Dassault Systemes license.

Licensed Program Specifications may be updated from time to time and such updates may constitute a change in specifications.

Following the discontinuance of all program services, this program will be provided “As Is” as specified in the Dassault Systemes license.
